What We Do

As the city centre management company for central Manchester and Salford, we bring together private and public-sector organisations to support city growth and create a vibrant, resilient city.

We pride ourselves on helping members do better business. Whether it is via sharing critical intelligence, environmental, street or security assistance, events or promotional opportunities, our aim is to help the city work for you.

We offer a core range of Business Services:

Operational Support	Pg 6-7
City Forums and Lobbying	Pg 8-9
Business Crime Reduction	Pg 12
Business Briefings and Training	Pg 13
City Intelligence	Pg 14
Corporate Events	Pg 15
Business Promotion	Pg 16

Part of our work is to manage Manchester's Business Improvement District, a working consortium of retailers and restaurants across the heart of the city. The BID is investing an additional £6 million over the next five years into improving the shopping district.

CityCo Membership Network

As a member of CityCo you are in good company. We work with 1000 central Manchester and Salford businesses including head offices, property firms, culture and leisure venues, professional services, hotels, education and transport organisations.

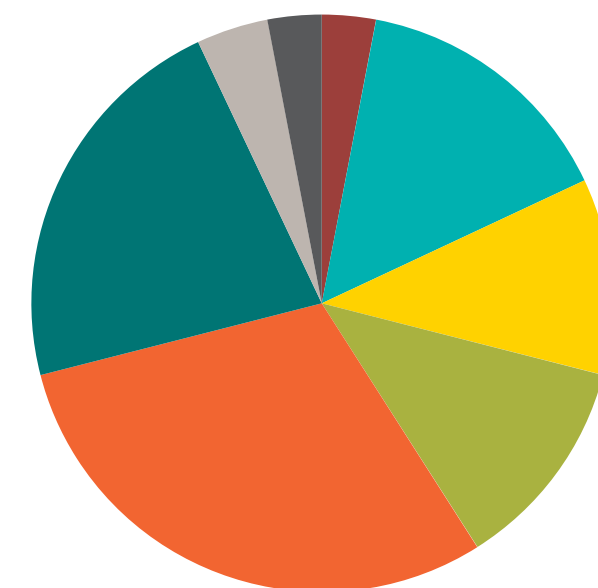

Our sister company Manchester's Business Improvement District (BID) looks after a community of 400+ retailers and restaurants, and CityCo's Business Crime Reduction Partnership (BCRP) services more than 350 shops and night-time venues.

We run a thriving PA Network with more than 600 members and our Manchester F&B Network gives a unified professional voice to the hospitality industry.

We also work in close partnership with Manchester City Council, Salford City Council, Transport for Greater Manchester, Greater Manchester Police and Marketing Manchester.

We help you to have your opinion heard, expand your activities and connect with the right people at the right time.

Our Business Services

Operational Support

We work on behalf of members and with public sector partners to identify member needs, make recommendations, offer relevant support and develop action plans. We pride ourselves on connecting, advising and helping members find solutions to day-to-day and longer-term business issues.

We look for better arrangements for a range of operational services such as commercial waste collection, recycling, street furniture, litter and cleansing. We bring the right people to the table to resolve neighbourhood issues together and deliver targeted projects to support these areas.

We also encourage business community action to empower staff to take a positive environmental stance themselves; for example, by cleaning around your premises or volunteering at our ‘clean-up’ days.

- CityCo members can benefit from:**
- Dedicated Account Manager to provide proactive and reactive operational support
 - Access to 24/7 emergency response (including issues around street cleansing, commercial waste, graffiti removal, blocked drains and flooding, rough sleeping, noise and trespassing)
 - Online ‘How to Report’ guidance signposting to direct services around street cleaning, commercial waste, counter-terrorism, squatting, urban exploring, trespassing and rough sleeping
 - Support from CityCo’s Business Crime Reduction Partnership including intelligence, bespoke training and access to the city’s security radio-link
 - City intelligence including emerging city trends, property and commercial developments mapping, scheduled road closures and major events that may impact business
 - Bespoke business training around areas such as counter-terrorism awareness, urban resilience, ‘Table Top’ emergency scenarios and evacuation planning
 - Access to CSR opportunities such as introduction to grass-roots charities and volunteering at environmental clean-up days

Representing Your Interests

- We support the city’s daily environmental monitoring activities, ensuring street issues outside member businesses are referred to the correct agencies to resolve.
- We offer Counter-Terrorism Awareness training in partnership with Greater Manchester Police and the Counter-Terrorism Unit. We can facilitate access to ACT: Awareness training online or in person.
- We run localised hotelier groups for members to share and address topics such as regeneration schemes, transport works and best practice around tackling anti-social behaviour.
- We run city centre commercial waste management schemes so members can jointly manage shared waste collection and reduce the environmental impact.
- We deliver bespoke ‘Table Top’ and crisis management scenarios to inform business continuity and resilience planning at a local level.
- We work with local authority compliance teams to enforce the confiscation and prosecution of illegal street traders and address noise and nuisance outside member businesses.
- We run a bimonthly Northern Quarter Small Business Forum to update on local developments and share issues and crime trends, helping to find solutions.
- We support ‘Our Manchester’ clean-up drives across the city centre, helping members to give-back in local areas and take direct positive environmental action.
- We help members to tackle rough sleeping issues around buildings, by signposting services to help homeless people and providing practical solutions for the premises.

Change the way you give and really help Manchester’s homeless.
