Make a Real Change with Real Change MCR

Together, we can help end homelessness in Manchester.

About Real Change MCR

Real Change MCR raises funds to support people who are homeless or at risk of homelessness – helping them move off the streets and into safe, stable accommodation.

Instead of giving spare change directly to people on the street, every donation to Real Change MCR funds practical items that make a lasting difference, such as:

- Deposits and rent for accommodation
- Furniture and essentials to start again

How we help

We work with trusted local charities and support services who know each person's situation best. Every pound goes directly to what's needed to help someone rebuild their life.
